**LETTER OF INTENT TO JOIN  
CHILDREN'S ENVIRONMENTAL HEALTH COLLABORATIVE**

It is with great pleasure that I sign on to the Children's Environmental Health Collaborative and the Partnership for a Lead-Free Future. This letter indicates the Early Childhood Development Action Network (ECDAN)'s commitment to protect children from the impacts of climate change and environmental degradation.

As part of our contribution to the Collaborative and the Partnership, we commit to the following activities.

1. Advocate for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products, when feasible;
2. Provide technical assistance, expertise and technical resources on children's environmental health;
3. Participate in joint convenings and promote coherent approaches to protecting children environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative and Partnership's website and updated brochure, and working with UNICEF to advance children's health, development and well-being.

Yours sincerely,

Elizabeth Lule,  
Executive Director
