To: Children's Environmental Health Collaborative Partnership for a Lead-Free Future

UNICEF

Subject: Letter of intent to join

It is with great pleasure that I signed up for the Children's Environmental Health Collaborative and the Partnership for a Lead-Free Future. This letter indicates the Ministry of Health, Ethiopia's commitment to protecting children from the impacts of climate change and environmental degradation. As part of our contribution to the Collaborative and the Partnership, we commit to the following activities:

1. Advocate for prioritizing children's environmental health in key international forums, including through joint co-branded communication and advocacy products.
2. Contribute research on the specific impacts of climate change and environmental degradation on children's health and share guidance, tools, and best practices to protect children from these impacts.
3. Build the capacity of local government and provide technical assistance, expertise, and technical resources on children's environmental health.
4. Participate in joint convenings and promote coherent approaches to protecting children's environmental health.

We agree to have our logo displayed amongst the list of partners on the Collaborative and Partnership's website and updated brochure, and working with UNICEF to advance children's health, development, and well-being.

Yours sincerely,

Israel Ataro Otoro

Community Engagement and Primary  
Health Care Lead Executive Officer
